

Samal Island-News Report

Missionary: Ruvel Albino, Babak Island Garden city of Samal, Philippines

Standing still- On Challenge

First, I greatly give my thanksgiving to our God through our Lord Jesus Christ for you all, for your prayers and financial support. God is pleased by granting our prayers.

tions, and even the weather is not good last two couple of Saturdays still we are able to do God's work.

Brethren, Thank you so much for your unceasing desire to pray and extending your hands in helping me and the work here at Samal Island.

This Month, our number of attendance grows more and more. Most of the members were coming in and some of them brought visitors each Sundays. Children also were growing during Sundays plus the growing of our children's church.

There were 3 souls who surrendered their lives for water baptism and 2 by transfer of membership just this Sunday. We also noted the number of visitors this month, we have 1 adult and 2 young people.

Every Saturday we have Bible studies in four separate loca-

The Baton

Dr. Howard Hendricks says, "the secret of concentration is elimination".

I learned a lot on my leadership devotionals and delegation is

happening now in the area of my ministry. Training is my focus now in the church. I train the members to do the work of the church so in this way the

church will live and the work will be passed to the hands of the new generation of members. In doing so, I can move forward from place to place.

The Clay

The seminary is doing great. Training the New Timothy of our time is very highly difficult. It will not be done 24 hours but it takes time. So while the students is taking their inputs they need to have an output weekly. Our Mission church in Samal with the Leadership of the Holy Ghost, we try our best to give them a place of ministry in which they can learn. A hands on training that will shape their

live in loving and doing the work of Christ. Our new 5 student workers are doing great. They were challenge by the place, the hardness of the people's heart to obey the word of God. But in spite of these challenges they become more positive and obedient to the call of God. They are so thankful to all of you who help them pay their tuition fee and to have the opportunity to ride on the vehicle that you

provided. And because of your example they become serious in their studies and to the call of God to be involve in His work.

The Virus Story

Almost the whole world was surprised when Swine flu scatted throughout the world. In my country people who survive from the virus suffered so much of being cast away. However in this particular troubles many People became aware of their physical clearli-

ness. Christian becomes prayerful and even so concern not only in their lives but also in the lives of their co-believers. Virus is a picture of Love in which Christian must do to spread it to others. The world is dying we need to become more prayerful than ever and more

concern than we ever did. The Love of God is needed to be scattered throughout the world . It is not to be hidden under our chair after church. Reaching the dying souls is the most and greatest mission that each believers need to do. We'll work till Jesus comes!

The Headlines

Praise The Lord!
Amen! And Amen!

To God be the glory!

Brethren thank you so much for helping this project become a reality. God is so great because He prepares everything that is needed, from the funds to the target vehicle. This is A Toyota

Tama raw FX, FB body type. Diesel. 5 speed, engine conditioned, every parts and body is in good condition.

I paid already 100,000.00 pesos as a down payment so the owner gives me the authority to bring with me the vehicle however I cannot use it right now until the document is completely transferred to my name and that will happened after paying the remaining balance of 85,000.00 pesos including the registration and insurance.
