## “WHICH WAY FROM HERE”

Its always a pleasure to me to be part of God’s greatest training ground—the Seminary. Today the school conducted her 21st commencement exercises and this is one of the longest victory God made. There were 5 men and 1 bible woman survived in the long years of training.

But today each of them asking a question in their heart, “which way from Here”? Just like them I ask that question also in the day I was graduated. And praise God by the leading of the Holy spirit now I am in this work. It takes prayer, reading of God’s word and listening to where the Holy spirit wants you to be and the burden of priority.

A degree is not a bases of Gods calling rather it is the training in which you can have the ability to be able to do better in the calling of God. It is the weight of the heart to do the work of God wither graduate or not. Then the eyes and mind to give you the reason why Jesus wants us to do His work. These young men and women were the example in which this generation must admires.

brethren, Our world is

getting worse, it is the high time to awake from our sleepiness to work hand in hand in doing the work of the Lord and to invest our time and resources in the God’s treasury. I pray that those young people of our time might see the condi-

tion of the people today because they are dying. I pray that everyone of us will have the desire to “go beyond this region”. Start doing something for God right beyond your doors.

## THE GENERATION TO COME

A generation that only God knows where He wants this students to work.

In behalf of the Philippine Missionary Baptist seminary Asia institute of theology Thank you so much for being a partner to us through your financial help for these students, and we are

looking forward to the next school year in God’s grace.

## EVEN A CHILD PRAYS

I was in the Island last Wednesday and Thursday afternoon having a bible study and a visitation to follow up a certain man who visited our church for three consecutive Sundays now and I was able to teach him about Baptism, and in the end of our simple bible study he asked me a question, he said, how do we assure that our prayer is heard by God? And in that question I

was reminded of this picture, I answered his question by showing this picture to him and I told him even the children believe in prayer because God said so. I know what's on the mind of that person, sometimes we pray and did not believe that it will happen, having faith in our God that he heard our prayer is very important. Confidence to our God in our prayer makes the prayer answered.

And I proved that for many times in my life and I praise God for His grace and promise that He will listen to our prayers. So just like this children they believe that God is listening their prayer even they ask God for a toy because in their mind there is no place of unbelief.

## WHEN CHURCH RECOGNIZE HER GOAL

I was challenged every week in my preaching series about the topic "The challenge of God in my church" and for the past two Sundays every member who heard the preaching understood his/her worth in his/her church. And as for two Sundays there are already two college visitors accepted the challenge and decided to share Jesus in their classrooms. This week I

will be having a two separate bible study about baptism.

Thank you so much for that extra offering that the church sent. I do now have a liberty to go to the island 3 times a week except Saturday and Sunday. And because of that our church attendance is growing.

This month of March our attendance grew 50% to our common atten-

dance. From 25 attendance now is 50 to 86 as of last Sunday attendance. And this attendance will grow more and more when we have our own means of transportation.

Please continue pray for us and I hope and pray that everyone will help give the funds necessary to be able for us to buy a multi-cab to be used for the mission.

## COMING UP THIS APRIL & SUMMER

This month of April I believe will be a month of declared victory where many souls hear the gospel, young children, and old. This is the VBS month in which we are so eager to see and experience God's amazing grace. There are already good reactions from the people waiting for that week to come. Last

week we finished distributing the programs and the invitation with all the promotional materials and within this month we will be staying in the church for us to have more contacts not just for VBS but also for Bible study.

This summer also after the VBS month I am planning to conduct a Bas-

ketball League within the three Barangays (villages). The purpose of this activity is to promote the church. Then each team is required to attend a bible study and a devotional before the game starts. But for now this is just a plan; this plan only depends if we have extra money left in the VBS.
