I thank the Lord for this unique opportunity to share to our joy and ministry in this newsletter. The month of June is the most trilling and heart's fulfilling experience. Last June 25 together with some of our

ing program, bible study and share bible story for the children. While the children were waiting for the food to be ready my wife shares a bible story and taught new songs, We also separated the parents for bible study then after the bible

study we give them bibles. There were 73 children and 48 adults and 7 young people came and attended during the program, 14 of those 73 children were Muslim. Right now we are praying and searching for a vacant house so that we can rent and use for our weekly bible study. For a while the barangay captain permit us to use their day care center every Saturday.

Brethren, thank you very much for helping us through your prayers and financial support.

CURRENT SITUATION OF THE CHURCH

For the past two months our church's attendance bounce back because all our members came back after a month of summer vacation. We also accepted two new members who transfer their membership from

our sister churches here in Mindanao. We have also 1 candidate for baptism that presently undergoing bible study. In spite of the trials we encounter before concerning our chairs and gate that were stolen

our church is still standing and trying to do all that she can to glorify God.

YOUTH/CAMPUS MINISTRY

This photo was taken last year

Our campus ministry will officially resume on its regular schedule on the month of July. However, Last June 23 I was invited by the university administrator to preach for the non-catholic students. The worship service was attended by 26 university students and 1 faculty. Right now I am trying to

gather ideas concerning the official name of our campus organization. I was thinking of the name MBSF but the problem is I have no idea of whose or to whom I am going to ask permission if we will use that name. right now we have 4 young people church's members who are enrolled in the University of Mindanao and

actively gathering students to be a member of our organization.

For all the parents I know you understand me when a child enter the age of education. My Daughter is now 4 years old, her name is Blessie and she is now attending nursery school. Like any other father, we

are praying for her needs specially for her educational need. This month my wife sister gave a money to pay a partial payment of blessie school fees for her to have permit to take exam. She still need to

pay her remaining school fees within next month so please pray for her educational needs.
