

# SAMAL ISLAND MISSION

Newsletter by: Bro. Ruvel Albino (Missionary to Samal Island Philippines)

*In spite of the fear that we experience because of the tsunami and Radiation advisory from television and even in text messages, my family always depends on the Lords promises to "kept us in times of trouble". Our ministry became more urgent everyday because God has opened so many opportunity to share His word. Here in Samal Island people always inquired to me about "end times", "Salvation", and God's Promises.*
