- BLESSIE'S REMAINING SCHOOL FEE 5,600.00 PAYABLE UNTIL JULY 15, 2011

Thank you so much for having you today and for giving your moment praising what the Lord has done in His missions. The pages of this month is almost gone but what was happened remains as history. This month's report features our new mission outreach in Barangay (Village) San Jose Samal Island. This village is located in the northern part of Samal island and almost 1 hour away from our home and it has a population of 1630 and a home of the original samalnon (ethnic tribe of samal island), Muslim, and other fishermen from other places in the Philippines who came into this place long time ago. The

“samalnon” called this village “San Lapuz” which derived from their ancient leader.

SAN JOSE BARANGAY HALL

We been praying for this mission for almost a year and the Lord has given us this place.

Our prospect is one of my wife's classmate who invite us into their home during their child dedication and open us the opportunity to minister to them. Since the place has no Baptist church we started praying for this place and now a

new open door to plant the word of God is being open for us. Last May 14, 2011 we started the mission of San Jose Village with the help of some of our church members and two prospect families in the place who assisted me in visiting the residents of the place. With my wife and daughter we went to the village captain and other local officials to tell our intentions and purpose in coming to their place. Your missionary also was given a time to speak during the village session concerning our mission. God willing on first week of June we will start our bible study meeting probably in the barangay hall and my wife will start her community educational ministry to the children and unlearn adult.
