Special points of interest:

- Please help me provide the funds needed for the vehicle maintenance and parts repairs.
- Pray for my safety every day going to our mission outreaches.
- Thank you so much for your help for the education of my child, she got A+ grade in all her academics for the first quarter.

“Taking the gospel available in the island”

Greetings to all our brother and sister in the Lord at Promise Land MBC! Thank you very much for reading my previous newsletter, and for giving your time to pray and for extending your heart in giving for the sake of the ministry here in the Philippines most particularly here in Samal Island. My family has been constantly doing and making ways to promote Christ in the heart of every men and women and children whom we ministered in the Island in the best way possible. Just recently a new mission opportunity was opened by the help of our God in San Isidro village, a 30 to 40 minutes away from our church with my motorcycle. I been visiting this remote village for a week and for the short of time I

The picture above was taken in San Isidro during our First adult bible study in there Village hall with an attendance of more than 30 adult. Most of them is very eager to learn

Taking the gospel available to every places in the island is very difficult but we keep on trying because we love the Lord very much.

more from the word of God and has agreed to have bible study and cottage prayer meeting every Tuesday afternoon and bible study every afternoon daily. Though the roads going to this mission site were rough and muddy but your missionary has believe that there were souls in this remote places that needs salvation. For the present time your missionary has opened already four mission points in Samal island. In Caliklik village we have 9 in attendance, in Catagman village 3 attendees, in San Jose village last Thursday cottage prayer meeting and bible study we have 14 attendees.

While we were very busy in spreading the word of God to our surrounding villages and has become effective, however, our enemy never stop working. I was on the way going to san isidro village riding with my motorcycle for visitation for our prospect who was sick , I was almost in danger when my front tire was broken by the grace of God I only got small wounds in some parts of my arms and knees but nothing is serious for my part and for my motorcycle. After almost a week by the power of God your missionary has now recovered and is doing his work.

Thank you very much for your prayers every day and for your support for my family and for the work here in Samal Island.

was able to talked and share the word of God to the Crus and Lumabao family. And 4 of the family members accepted the Lord.
