Dec 18= 68

31 children

18 adults

19 young people

2 adult and 7 young people accepted the Lord

In the hands of God

In December 16 and 17 the most part of Mindanao has encountered a storm. Samal Island was given a warning signal number 2 that describe the force of the storm that supposed to struck, but God controls the storm and has given us a very decent day. However, the other part of Mindanao people was surprised by the force of the flood that kills 656 or more people with hundreds of others were missing, leaving the affected place wasted, destroyed in any form of homes and bridges. One of my class-

mate Bro. Tripon Balili, who is pastoring in Faith Missionary Baptist church in Iligan city inform me through text that his church was affected by that flood and according to Him that some of his members have died and missing since the flood struck their homes and his church at around 10:00 in the evening. Our church has sent an offering and food through my worker Bro Dave. There were so many missionary Baptist churches in Iligan city and Cagayan de Oro that I believe was affected

by the flood please help us

Northern Mindanao flood tragedy

through your prayers. My family is very happy that the storm did struck samal island and that Gods hand always their to protect his people.

missionary life in this holiday season

My family was planning to visit my wife's parents in Bukidnon on December 26 and spend a week there.

Our church here in samal island has celebrated

our Christmas thanksgiving last Sunday and the children and our student workers were very happy for the gift that we give through your support.

Our bible study and other

ministry will resume regularly on January 3. however, instead of having a bible study we offer thanksgiving prayer to our prospect together with their family member every Sunday evening and Sunday evening.

Last December 11 I was in Bandera Missionary Baptist church, I was invited to preach to their Thanksgiving and child dedication with 160 people attended their church worship for the first time in the history of that church. This Church is lead By bro Mixme Mingao with only averages 12 to 20 people attending every Sunday but in that Sunday when we come the Lord make a history.

On the First Sunday of 2012 our church members will be doing an evangelism explosion. This event will mark our the determination, eagerness, and love to help our people around us to know the Lord Jesus. Our church has been training our members new and old to be soul winners and not just bearers of the word. Our worship will start early in the morning and then after that our actual evangelism explosion.
