Fianacial statement 5

Ready.....Set.....Go!(Readiness)

Thank you very much brethren for each words you've pray for my family and for our mission here in Samal. Ptr Reese and his wife made a visit for us in the first Sunday since they arrived and we have a very good time of fellowship. We are also very thankful to the Lord for your undying love and support for the Lords work not just in your finances but also for sending Ptr Michael Reese and his wife Sis. Karen to be with us for visitation and for encouragement. Their presence encourages your missionary tremendously. Ptr. Reese and Sis. Karen treat my family to eat

Pizza and thanks to the Lord my family has experience this very rare experience to eat pizza because we only eat pizza one time in a year.

Right now your missionary together with my family, we are praying to start a new mission in one of the barangay's (villages) here in samal island. And for this mission and your missionary to be effective we pray for your help specially for the fuel budget every month because the funds that you sent every month is only enough for our daily needs. Brethren your missionary is ready to Go and what keeps me from going is the short-

ness of the funds for fuel. I am praying that God will use His people for this special ministry and I believe you are one of those people that God will use. Your missionary is ready, Set, and determine to bring glory to our God in planting churches in the island.

Campus ministry

This picture was taken Last February 22 during our monthly campus worship service. There were 25 students and 2 faculty attended our worship with one soul accepted the Lord offer

of salvation. Our weekly campus student bible study group averages 8 to 10 student in attendance. And 4 actively attending our church service every Sun-

Sail going to Balut island

Ptr. Michael Reese together with his wife sis. Karen, Ptr. Glen and sis Paula and other men and women of the Lord sail to Balut Island last Sunday afternoon. Your missionary wishes that he could come but because there was no room for him in the team so he was not permitted to go with

them. Even though my physical body was not there, still my prayers is with them. According to the plan they are going to help build a church building there in Balut island and to visit the brethren in that said island. Probably they are going to come back this coming Thursday and then af-

ter that they are going to General Santos city to visit and see the new ship that was built.

“We are very determine to send a message to Satan that we are not backing down, that our flame of commitment never ceases and that God is in control.”

Ready...setGo!

Your missionary is praying for God to open a new mission work in San Jose Village Samal Island this year. We been there for several times and we do have conducted some bible study in this place but since our funds cannot sustain for our fuel every week we decided to stop the work for a while. Probably this year if God permit we will climb again

to this place to continue the work there and to make it alive again. We are very determine to send a message to Satan that we are not backing down, that our flame of commitment never ceases and that God is in control. We believe that God has a plan why I came to that place and his plan is to plant his word, to raise His name and to establish

new mission church in that village. Brethren for us to be able to continue to work in that place we need your hand and knees in prayer and support. Your missionary need special funds for fuel for us to continue doing constantly in that place of mission work until we fulfill our desire and commitment to plant many churches in the island.

some rare time

Ptr. Michael Reese ask me to bring and to guide Ptr. Bob Spears and Bro. Dan Houser from Mission Home Missionary Baptist Church in Wewoka Oklahoma to their mission at Buda Davao city last Sunday Morning. It not an easy travel driving because it was raining but God is so powerful they

arrived to their mission safe.

While I was in Buda visiting together with the pastor of Mission Home MBC, Bro. Dave my student worker take charge in preaching and Bible study to my church while is was not in my church.

Then the worship started

in Buda with 26 souls attended compose of children and adult we have very good worship Ptr. Bob Spears was preaching while your missionary stand as an interpreter. After the worship we went to some resort for baptism service and Ptr. Bob baptized 8 souls.
