THE VOICE CRYING IN THE ISLAND!

Thank you very much brethren for your prayers and continued support as we bow down to pursue our goals and desire to serve the Lord in preaching and sounding out His very word in Samal Island in the very best effort of your missionary-ary.

In this month we featured our campus ministry in which your missionary has exerted sometime of his effort to reach some university students in the Lord. Aside from our group bible study, last January 25 your missionary also preached during our monthly worship service in the campus that were attended by a number of students including the officers

of our organization together with the two professors of University of Mindanao as seen in the picture. Some of these students were already attending our church.

At the same time, your missionary is working very hard together with his wife and child teaching the word of God through our

weekly bible study in our new members and prospects.

Our student workers also has remained to their duty to teaching children every Saturday and Sunday both in the church and in the villages. As of now the Lord has given us to new souls who is attending our church regularly and in the time of decision for baptism.
