Special points of interest:

- Prayer for my Daughter's recovery.
- Prayer for our daily need and health
- Numerical growth for our small church.

A very warm greetings to all my Brethren in the house of the Lord at Promise Land MBC and to all subscribers and readers of this newsletter. Once and again it is our joy in the Lord to share to you what the Lord has done in Samal mission. The month of July has become a fulfillment and a mile stone for our greatest desire and prayer that God will add new members to our church. Gladly we share to you that God give us additional 1 soul to

Albino Family Update

My daughter (Blessie) still needs your help for his Education Her remaining balance school fees is about 8,050.00.

We also need your prayers about our Philippine Health insurance. We been paying for this insurance for more than 7 years however, because of financial crises we are not able to pay the first and second quarter that cost 600.00. this insurance will help my family in case of hospitaliza-

our church Last July 22, 2012. because of this victory we are now more diligent and compel and fresh again in our desire to bring more souls and people to

our church for the glory of God. In spite of the challenges that we face and being experience, we your representative of this island will never give up taking up more farther our efforts in reaching the people of this island through the Gospel of our Lord Jesus.

We plan that we are not having a Vacation Bible school next year to open our new way of ministry that we know so easy and sure effective.

tion. My Daughter was very sick last August 13-15 honestly the only medicine we have was only our prayer. No money in our pocket to buy a medicine for her, gladly a near friend came and give us two bottles of medicine for fever that keeps my daughter's fever not worse. Last august 16 we brought her to the nearest doctor for checked up and medication bless fully the money trans-

fer came in that day. My Daughter is now recovering and thank you for your prayers and love support. The fever was cause by infection from the bite of cockroach. In this mountain trials we remain a believer to our God even though my heart is wounded but still alive. Please pray for my daughter.
