CHURCH WORSHIP

- > Largest attendance: 31
- > Visitors: 5

Greetings to our dear brethren in the house of the Lord at Promise Land MBC. Thank you very much once and again brethren for your love of support and unceasing prayers for my family and our work in the ministry of our Lord Jesus Christ.

The Lord emphatically brought us many wonderful things done this month and will continue forward. Ministries and Bible study has grown in number each month this may be because we are now able to take care of our ministry regu-

larly unlike in the previous months. In this month also I taught the church members about world religion primarily Catholicism; during the series Sis. Realie Darunday brought her 5 classmates who were catholics and for two Sundays of learning God change their hearts. They are now attending our church worship for a month. Reaching the people of Samal Island is not easy because of Catholicism and other cult religion but God is powerful and that His word is active and

alive to those people who wants to know the truth. For the past 4 Sundays our attendance did not go down to 20 people not including the attendance of the children every Sunday and our vehicle is now going two trips every Sunday to pick up all the children going to the church. In The coming days your missionary will be visiting once again San Jose Village, Toril Village, and San Isidro to inform our prospects their that our ministry will resume again.

Prayer Corner

- Good health of my family
- Good response for the people whom we are ministering.
- December 24-28 NORMINVIS Fellowship-financial blessing
- Please remember to donate anything for samal mission: the container will leave on December

The Albino Family update

Thank you so much brethren for praying for my family and helping me provide their daily needs and education.

On December 24-28 our young people are planning to attend NORMINVIS a five day fellowship of missionary Baptist churches located in Valencia

city Bukidnoon. After the fellowship my family is planning to bring our young people to RR falls with free Lunch before going back to Samal island. This said plan is for the purpose of having good bonding together with our young people, thanksgiving for their help in

our ministry, and for my family vacation and refreshment. Brethren I am praying for your help financially for this plan.

Thank you very much for reading this report and for praying for my family and for the work that we are about to do in the coming days.
