

SAMAL ISLAND

JANUARY 2013

SENDING CHURCH: PROMISE LAND MBC 765 Ashley Rd. Hamburg AR. 71646 USA

Keeping the work of God forward

A very wonderful day to you our dear sisters and brothers in the Lord at Promise Land MBC and to you our dear readers greetings!

Thank you so much for all who donate for the mission drive I really happy and bless that we are able to use it for the advancement of our Ministry. This is the picture of our worship in this past Sunday and there are so many faces that was added in our church worship. Over 30 souls are always coming to our church with our growing bi-

ble studies in the homes that are not yet ready to visit our church but are willing to listen Gods word every week. In the this coming Sunday your missionary is going to Kaputian district to start our first Sunday worship

there with bro. Lemuel Paje and his family. Right now our church in Babak is averaging 30 plus in attendance and with 2 visitors almost every Sunday worship.

SALAMAT! (THANK YOU SO MUCH)!

My family is truly so thankful and happy for the packages that you sent in the container. Honestly my wife and daughter and my self toke some of the t-shirt, shoe and sleepers for ourselves and then we give some of them to the children and

members of our church last Sunday. And this coming February 16 I will be giving some of those hygiene kits in Tagbitan-ag village and during the distribution I will be preaching and at the same time introducing our desire to open a mission in that

village.
