New phase of ministry “in the Muslim”

On November 23, 2013 a group of Christian Doctors from Manila went to my house asking my guidance where they can conduct medical mission. Immediately I brought them to Brgy. Caliclic Zone 4 Samal where a Lot of Muslims lives. I chose this place because of my Muslim friend. My Muslim friend told me that the easy way to communicate Muslim

about Jesus is if you help them have “GOOD WELL” . During the Medical Mission 14 adult “Kla’gan” Muslim accepted Jesus. They even invite me to visit their area and do children Bible story. Sunday After that Medical Mission one adult Muslim attended our church worship. Right now for two Sunday afternoon, Sister Visherl Tuan our Student working is

teaching the Kla’gan Muslim Children the story of Jesus. This picture was taken during our Friday Bible study, because the Muslim usually do their worship on Friday so we did also praise God on Friday with them.

“I am from Samar and that they are not alone in this place.”

“The story of the Typhoon Survivors”

November 25, 2013, I went to Jirah foundation (one of the shelter of 12 families of the Typhoon Survivor) Located at Brgy. Caliclic for the purpose of visitation. While I was there, Mrs Linda Malurca a survivor that loss of her 2 children came to me. She said “ptr Why? (na’no man’? In Samar Term) I look at her and

ask her can we pray and she said yes. I instructed her to tell to God all the things she wanted to tell, to cry all the pain inside her heart. Honestly she prayed for over an hour with tears and after the prayer she said Thank you with a calm heart. I brought 14 packs of my remaining hygiene and a sack of rice and I

gave it to the survivors and I told them that I am from Samar and that they are not alone in this place. Just this pass Sunday I brought them to my church and we prepared food for them after the worship we eat together.

I think Preaching now is my favorite work why because I preach the word of God with 100 to 120 people almost every day morning and afternoon for 16 barangay in Samal Island. Home Visitation and Bible study is every day, and within this month 217 souls Saved. I may not be preaching 50 souls every Sunday but I preach 1536 souls every

Preaching ministry

month. I am very much encourage and sold out to build our church building in the heart of the town because people will come and enter in that church. Honestly brethren I prayed not a small church but a church that can accommodate people.

Working In The College Ministry

Our ministry time line in the college ministry brought so much success for my family. Unlike before, my ministry was not very much welcome by the administrator, and even some professors but my wife and i strive harder and harder until we regain respect, recognition, honor and name for one purpose "Salvation". Right now the University of Mindanao Samal Branch enjoyed a lot of Blessings, 100% of their student who participated the board exam for Teachers passed, building renovation project and equipment such as projectors for every classroom is now installed.

Temporary Church location

While we are looking and waiting for a buyer for our church property, I decided to start looking for a temporary church location.

Yesterday I got this building with all the information I need. The rent pay is **8,000.00** pesos. Details; the floor is tiled, with 1 CR, with parking area, the owner permitted me to put up a tent at the back of the building for our Sunday school class. The water and elec-

tricity are ready, the building is along the Main road, and all spaces can accommodate 50 to 60 people.

Conditions: 2 months deposit pay, 2 months advance

Total cash advance and deposit is 32,000.00 pesos

The bad news: no windows for free air, so I need to buy 1 air con and 2 electric fan.

Honestly the current members here is not able to pay for that rental amount. Personally I would like to ask you to pray also for this. Any time we are ready to transfer even though the church property is not yet sold but if you say so we will.
