EXTENDING EFFORTS BEYOND OUR POST

Greetings in Jesus lovely name.

In behalf of my family thank you so much brethren for your prayers and financial support for my family's needs and also for my ministry.

The previous month brought so much joy for me in preaching the word of God both inside and outside the church.

In one of Village that I visited, Particularly in Barangay Tagpopongan ALL residents who attended my preaching responded the word of God by accepting Jesus as their Lord and savior. I was so amazed how the Lord work but feel humbled how blessed I am to

able stand and go because souls will not be saved unless someone preaches to them salvation. Extended efforts beyond our post is very neces-

use by God as His instrument. I may not be able to bring all this people to my church, However, I am blessed to bring them to Jesus' feet.

In spite of the difficulty travelling from village to village and though sometimes tiredness and laziness binds my feet from moving, still I may

sary because people are dying somewhere and everywhere.

Thank you Brethren for taking sometime a prayer for me and to my family because without those prayer my family and I will not be safer everywhere.

HUNGRY FOR THE WORD OF GOD

For six year i been in the ministry, i never experience preaching with 300 people in my audience or hundred of people sitting everywhere or sitting on the dusty floor just to be comfortable while listening the word of God being preach and now I enjoy that experienced in this preaching

ministry. Right now I am able to preach the word of God almost everyday and more and more people came to know Jesus as their Lord and savior. I have this belief that it will not take too long people will come to me asking to plant a mission or church in their barangay. The earth

wake that struck in the other part of the Philippines makes people compelled to know God seriously.

The farthest barangay (Village) but unforgettable

I never thought I may able to visit Barangay San Antonio, this is my farthest Barangay I ever preached. I don't how far this is away from my church but in spite of the difficult road, and my motorcycle has experiencing some telescopic parts misalignment in the front tire that causes imbalance, in all these circumstances by the grace of God I was able to arrived late and delivered the

word of God right away without apology. 17 Muslims and 11 non Muslims received Jesus as their savior. There was 160 people attended in that preaching and go home with great hope. I departed that place with great pride in the heart because I was able to reach 17 Muslims. However, things not working good to me on the way home with my motorcycle. You can laugh, I feel down twice with

my motorcycle because of a very muddy and slippery road, almost 20 minutes I push my motorcycle because of a two flat tire, and go home to my wife with my wet and dirty clothed. She loves to wash my dirty clothes..

"AN EXTRA MILE FOR THE MINISTRY"

Ptr Michael Reese knows me very well that I am a shameful man. But my shamefulness most of the time squeezes my heart an achieves nothing but regrets. Brethren, for the sake of the Lord's ministry

I would like to ask you to pray for 100 Dollars a month for our fuel, that I may able to maximizes the use and ministry of our vehicle. We are so blessed that we have a vehicle and that this vehicle will

be of great help if we used it consistently or can go another extra mile for the Lord.
