Volume 1, Issue 1

October 30, 2014

Short news

- Just recently a prominent woman in Samal Island Mrs. Susan Durano (widow) came to our office together with her Attorney to inform me that she wanted to buy a 1/2 hectare of Lot in the center of Babak then she will build a school with a playground and to be donated to our church. Mrs. Susan Durano is a grandmother of one of our Pupil name: Maria Gabrielle Castro. This woman was very known of her passion in donating her properties to Public Schools and Churches in Samal. Right now she is looking for vacant Lot. If God will use her then all God's People will rejoice.

TO GOD BE THE GLORY

Thank you very much brethren for your patience for waiting for this report. My wife and I was decided to delay our reports for us to include the Board Exam results. Last August 17, 2014 my wife Leofe has undergo a Licensure Examination for teachers and for 51 days the results had arrived. According to my wife the Board Exam was not familiar to her, and that every time she answers she answer each number with a prayer.

Brethren, Thank you for praying for my wife

and according to the results she passed the Board Examination for Teachers. For more than 100 thousand takers all over the Philippines my wife is one of the passers. WOW!! TO GOD BE THE GLORY!!! Right now as I wrote this report she is so happy at the same time Sad because one of our Teacher in our Pre-school Sis. Joanah Angelica Epal failed the board exam.

My family will celebrate a thanksgiving on Sunday and at the same time an encouragement to Sister Joanah. Right

now, our feelings is indescribable specially my wife. She's been waiting the results for almost 2 months now at last the victory is given. To God be the Glory!

United Nations Celebration October 25, 2014

Thank you very brethren for your support for our Pre-school Ministry. This ministry is a proven instrument of God for our Church. Many opportunities was opened for

the gospel through this ministry. And for now 10 adults were added to our church from the parents of those pupils.

Children—23
Visitors—14
Soul Saved—12
Worship—61 adults & YP
Transfer of Membership —12

THE SCHOOL MINISTRY

My wife is working very hard everyday to provide better lessons that is effective to the learning of the pupils. Aside from lessons such as English, Science and mathematics we also teach them Bible lessons using the Sunday school materials. Right now our school has 15 students 4 of it were the children of our church members. All 11 families from our school already attended our church worship and regularly attending Bible study. The Parents also in the school has donated 1 microphone and a microphone stand and 15 plastic chairs.

Next month we are planning to buy a Bass Guitar for our church

A Big Challenge comes a Better way

For the past months many challenges comes a long the way in our church Ministry. First I have to let go of my student workers for their decision to transfer to other church that near to the seminary because of this circumstance two of our new men member, brother Benjo and Jimmy took the opportunity to be our worship Leaders for two months now. Every Saturday they went to our church for practice not just for the hymns but also how to teach Sunday school classes. The second challenge was my accident and then following my Hospitalization. That accident proves me something deeper reason why God kept me alive unharmed because

he wants me to do something bigger for His glory. I tell you frankly from the heart for almost 9 days I was in the hospital because of dehydration we saw our true friends. My wife was crying about my circumstance at the same time wondering where we could find money to pay for the hospital bill. People from samal Island whom we meet visited us in the hospital to comfort us together with all our members. Brethren At Promise Land MBC thank you very much for your financial help and your outmost concern to me and my family. In all these challenges we fight

back and will never give up because the God that we serve is worthy of Glory. Right now our church is growing every Sunday with the average of 50 and more and I am very much positive that probably by the end of 2014 our church will be filled with people.

Bro. Benjo Leading our Worship Service
