VACATION IN MANILA

For my child, to be in this place is a dream come true.

Thank you very much brethren for keeping us in your prayers everyday and for the extra love offering you sent for my family in Samar who suffered from the Typhoon Ruby last December.

After all the activities in our school and the church last December 2014, your missionary together with my wife and daughter were invited by Home Missionary Baptist Temple of Sampaloc, Manila to be their speaker for their 51th Church Anniversary. The church paid our plane ticket

back and forth, and both my wife and daughter was so excited because its their first time to board a plane and first time to visit Manila. All our experiences in manila is great because my wife and daughter really enjoyed the most of it. The church who invited us brought us to Manila Ocean Park and we enjoyed the beauty of sea creatures in the big aquariums they also brought us to Enchanted Kingdom just to experienced all the rides. My Visit to the church also encourages old members that has been inactive attendees of the church to return in serving the Lord in His Church. Home Missionary Baptist Temple of Sampaloc was my church when I was working in manila, they are also the church who send me to the seminary, my visit to them is a way to extend my gratitude for helping me while I'm in the seminary.

SPECIAL POINTS OF INTEREST:

- Please pray for our Health everyday
- Please pray for our Church's Goal for this 2015 "to bring more people to church"
- Please Pray that I may able to find a better church's Lot

THANK YOU JESUS!(2014 MINISTRY CHANGER)

From the bottom of our hearts thank you so much for helping us a lot in 2014. brethren allow me to refresh portions of ministry changer that God provided through you for His church at Samal Island. First the presence of Ptr. Michael Reese, Ma'am Karen, Ali Joe, and Bro. Steve. Their presence encour-

ages our discouraged hearts, Promise Land brethren thank you for sending them. Second, the new church location and the opining of the School Ministry. This change sealed our desire for the Lord's church to grow and rekindled our fading passion . Third, The Lord's response by adding to His church

new members and for bringing more visitors every Sunday. Right now we already have a group of mature men who is committed to work for the Lord. My wife also will start organizing the Ladies. Brethren, these things happened because of your one(1) Decision. Thank you so much!
