Thank you very much brethren for keeping us always in your prayers and in all sorts of supports that you've extends. Our church is no longer the same two years ago. The influence, ministry, worship and activities we have now is became more powerful. And our members now no longer a worshiper only but also a worker in the church. Just recently 1 family was added in our church "Manambaga Family, and

other 3 individuals named; Jayson 23 years old, Danilo 19 years old Conchita Adolpo 51 years old all were members from a Baptist Church that has been living in the Island because of work but never find a church they like to belong for a very long time. They decided to transfer their membership and the church voted

and accepted them. All of them were parents in one of our pupils. The picture below shows our first Bible study with the parents of our Pupils as part of our desire to promote the word of God as one of our Subjects.
