

MISSIONARY MONTHLY NEWSREPORT

Missionary: Blessie, Michael, Leofe, and Bro. Ruvel Albino

October to November Report

Greetings in Jesus Lovely Name!

Thank you so much Brethren for your unceasing prayers and generous support for my family and mission. The Month of October was one of the dear time for me and my family. It is the month on which the Lord answers my prayer to have a healthy son. Just like any other Pastors, I also prayed to have someone in my siblings to follow my footsteps someday and the Lord granted my request on October 9, 2015 Michael Arvel arrives in my family.

Right now we all working daily, my wife is currently leading our ladies and next year she will be coming back to her post to manage our Pre-school Ministry. Our Daughter Blessie is working beside our young people for children's ministry while I am doing my daily ministry for the school, church, Bible study in the government offices, Police station, and reaching out people in the community. And in spite of busy and hectic daily schedules I still able to enroll and study my college degree for the purpose of enhancing my knowledge and to be able to attain a secular profession which is very useful and advantage for me as a minister not just in the

“Just like any other Pastors, I also prayed to have someone in my siblings to follow my footsteps someday and the Lord granted my request on October 9, 2015 Michael Arvel arrives in my family. “

ECE Award Certificate

On October 30, 2015, your missionary completed the Early Childhood Education or ECE as a requirements for all private schools administrators in the Philippines. During the course of study your missionary has received an special award of excellence.

Solemnizing Minister for the church and in the Community

Aside from doing house to house bible study, evangelism, Preaching, chaplain, and counseling, your missionary also is a government certified Solemnizing officer. My purpose of this ministry I to be able to help my members old and new to be legally married with their live-in partners and to help our young people with the legal and biblical prospective of marriage. Solemnizing also become my ministry because when a non Baptist couple would hire me as their solemnizing officer , it means they will follow what the law requires. That says at least one of the couple or both must be baptize first before that couple be solemnize. Advantage to me because the catholic wedding in the Philippines is very expensive so many of their people tend to find alternatives. My principle as Minister solemnizing officer all members are free. Right now 3 newlywed couples actively participating in our church. Currently our church worship regularly with the attendance of 50 to 70 people and reaches 90 or more specially when most parents of our school ministry is attending. This coming Sunday afternoon 1 soul will be baptize and be added to our congregation.
