

August-September Missionary Report

August to September
Volume 1, Issue 1

CURRENT CHURCH PROGRESS

Thank you Brethren for your patience of waiting for this report..

Our work has been growing very fast and these things happened because of your prayers and our passion in serving the Lord. Our church now is

almost full because most of our students family is attending our church worship. We are very grateful to God for keeping our mission goal consistent. I am very sure that soon when our brethren will come to visit us here in the Philippines they will see the big change.

Concerning our Church property, just yesterday we finished the signing of the Absolute Deed of Sale because the buyer already paid the amount price of the Lot of 300,000.00 Pesos. Right now the money is in the Bank deposited under the church account. As we speak the owner of the new Lot, the LOT that I recommend to

you with Ptr. Glen is waiting for us if we will continue to buy that Lot. Brethren, we can start paying that Lot by depositing the money that we have now before the owner will change his price and before other people buyer may buy that perfect Lot for the church. I hope you un-

derstand my point. Honestly I am afraid when I signed that deed of sale yesterday. The fear that what if no one will help us buy a new site of our church, but in that fear I still believe that God sees our fear, knows that we only dependent on His grace and power through the hands of His people.

Men's bonding and fellowship

Our Church men created a basketball fellowship within our church members every Sunday afternoon as a bonding ministry and to find more friends. They also decided

to join the Basketball league within the missionary Baptist churches in Davao city. Our men has enjoy the games and the results of that many men and young people from

our neighbors joined our church because they are interested of basketball. Now our bonding fellowship turns to be a bate to minister other people with the gospel.

765 Ashley 70 Road Hamburg, Arkansas 71646
Phone No. 870 853 5941
Our Pastor: Dr. Michael Reese
Associate Pastor: Ptr. Trey Emory

Church's Property Update

Brethren please be informed that our old church property has been sold just yesterday October 1, 2015 with the price agreed of 300,000.00 (three hundred thousand pesos only). The price amount was deducted by the Attorney fee of 9,000.00 and gain tax of about 15,000.00 pesos so the total amount we received was 276,000.00 pesos (two hundred seventy six thousand pesos only) this money was separated from our offerings and tithes and this money will be use only for the new site Lot of our church

School Ministry Update

Just recently this month of September the parents of our pre-school ministry donated three brand-new Aircon unit worth of 38,000.00 pesos. They also agreed to pay 40.00 pesos each parent every month to help pay the electric bills. As of now we have 26 pupils in our school and next year if God permit us to grow, I am very much positive that the school can help much greater. As of now

my wife and is not receiving any salary from the school because the tuition fee that we received every month goes to our teachers. Right now our three teachers receives a salary of 3000.00 pesos because that's the only money we received from the tuition fee but they only teach 4 hours a day. Aside from all the things the school donated, the most important thing that we receive is the leverage of oppor-

tunity to share to them the word of God into their homes and to be able to bring them in the church to listen the preaching of Gods Holy word.
